In this early evening forum, arranged by courtesy of Mayer Brown and chaired by a well known and distinguished financial editor, the SAR Government Minister who has responsibility for financial sector development will give his perceptions of Hong Kong's financial prospects in the light of China's plans to internationalise the RMB. Two well-known economists will then join him in a panel discussion which will assess this future with a backdrop of Hong Kong's position as a global financial centre and of its widely-accepted role as China's main international centre of financial services.

Although each panelist will speak briefly at the beginning of the session, emphasis will be on discussion and answering questions from those present.

Our kind hosts at Mayer Brown are providing drinks and finger food at the end of formal proceedings.

There will be no charge for members (any staff of member companies) and their guests. Non-members are cordially invited to participate, at the cost of £20 per person to the Hong Kong Association.

Space is limited. Priority will be given to staff of member companies of the Hong Kong Association, and their guests. Early registration is strongly advised.

To register, please email communications@hkas.org.uk or telephone 020 7963 9447. Please send names and appointments of all attendees at least one week before the forum.
